

Pre-Congress Workshops	Keynote Lectures	SPEN Meetings	Parallel Sessions	Free Papers	Congress Events	Session en Español
------------------------	------------------	---------------	-------------------	-------------	-----------------	--------------------

Session rooms marked with a headset icon will offer live, two-way translation between Spanish and English. All other sessions will be held in English except where indicated.

Sunday, April 30, 2017

Pre-Congress Workshops

	PACARA A	PACARA B	BUEN AYRE A	BUEN AYRE B	BUEN AYRE C
09:00-13:00	<b>Workshop 1</b> <b>Spasticity in children: From Pathophysiology to Evidence-Based Practice &amp; Management.</b> Organizers: Rochelle Dy (USA), Heekyoung Kim (USA) Facilitators: Doris Valencia (Colombia), Du Qing (China), Genelia Della Bella (Italy), Susreem Ruge (USA)	<b>Workshop 2</b> <b>Shock wave the what, how and when to use it</b> Organizers: Daniel Moys (Argentina) Facilitators: Silvia Ramon (Spain), Ramon Aranzabal (Spain)	<b>Workshop 3</b> <b>The Spectrum of Motor Impairments in Early Childhood: from Developmental Coordination Disorder to Cerebral Palsy</b> Organizers: Juan Martina (Curaçao) Facilitators: Juan Pablo Mantecón (Netherlands), Ajay Zolov (Curaçao), Cathren van Gooijngen (Netherlands), Bert Schooneboom (Netherlands), Carolina Ayllos (Argentina)	<b>Workshop 4</b> <b>Wheelchair design, prescription and fitting</b> Organizers: Michael Reisinger (USA) Facilitators: Sara Mueera (Venezuela), Jonathan Purlman (USA)	<b>Workshop 5</b> <b>Ultrasound Applications to Rehabilitation: Upper Limb</b> Organizers: Carolina de Miguel (Spain) Facilitators: Maria Sagrini Casado (Spain), Guillermo Lantini (Spain), María Martín López de Alayo (Spain), María José Lillo González (Spain), Anni Bhargava (USA), Gastón Topol (Argentina)
13:00-14:00	Lunch Break				
14:00-18:00	<b>Workshop 6</b> <b>Scientific misconduct and plagiarism in medical research and writing</b> Organizers: Farooq Azam Rathore (Pakistan) Facilitator: Nair Mansoor (Pakistan)	<b>Workshop 7</b> <b>New Frontiers in Chronic Myofascial Pain and Central Sensitization: Integrating Advancements in the Pain Sciences with Evaluation and Treatment Strategies</b> Organizers and Facilitators: Jay P. Shah (USA), John W. Shady (Canada)	<b>Workshop 8</b> <b>Contemporary Spasticity Management (session will begin at 14:30 and will take place at the Institute of Rehabilitation Psychology)</b> Organizers: Gerard Francisco (USA)	<b>Workshop 9</b> <b>Rehabilitation Research: All you need to know to start</b> Organizers: Fary Khan (Australia) Facilitators: Bhasker Anantya (Australia), Mary Gohu (Australia)	<b>Workshop 10</b> <b>Ultrasound Applications to Rehabilitation: Lower Limb</b> Organizers: Anni Bhargava (USA) Facilitators: Levent Ozturk (Turkey), Mark Hurdle (USA), Fernanda Sepúlveda (USA), Carolina de Miguel (Spain), Navita Parohit (India), Gastón Topol (Argentina)

All pre-congress workshops require pre-registration.

Monday, May 1, 2017

	PACIFICO B	ATLANTICO A-B	ATLANTICO C	BUEN AYRE A	BUEN AYRE B	BUEN AYRE C
07:00-8:30	<b>Registration</b>					
08:30-09:30	<p><b>Parallel session 1</b></p> <p><b>Facial manipulation</b></p> <p>Chair: Antonio Stocco (USA)</p> <ol style="list-style-type: none"> <li>1. Functional anatomy of face - Antonio Stocco (USA)</li> <li>2. Facial Manipulation studies - Marta Haimann (Brazil)</li> <li>3. Biomechanical model of Facial Manipulation method - Marcos Jesus Portugal Souza (Peru)</li> </ol>	<p><b>Parallel session 2</b></p> <p><b>Hand Function in Osteoarthritis</b></p> <p>Chair: Firat Dinçer (Turkey)</p> <ol style="list-style-type: none"> <li>1. Evidence based medicine on Diagnosis of Hand Osteoarthritis - Firat Dinçer (Turkey)</li> <li>2. Evidence Based Medicine on Management of Hand Osteoarthritis - Firat Dinçer (Turkey)</li> <li>3. Update of Splint in the osteoarthritic hand - Silvia Cruz (Argentina)</li> </ol>	<p><b>Parallel session 3</b></p> <p><b>Physical Activity and Sport Intervention in Cancer Care</b></p> <p>Chair: Evren Atalan (Germany)</p> <ol style="list-style-type: none"> <li>1. Exercise as Medicine for Cancer Patients - Christina May Moran de Brito (Brazil)</li> <li>2. Psychobiological for Cancer Patients - Maria Lucia Costa Costa Guarita (Brazil)</li> <li>3. Physical Activity Interventions in the Management of Chemotherapy induced Polyneuropathy - Evren Atalan (Germany)</li> </ol>	<p><b>Free papers 1</b></p> <p>Chair: Alberto Esquivel (USA)</p> <ol style="list-style-type: none"> <li>1. Identifying Key Domains of Health-Related Quality of Life For Individuals With Chronic Pain: The Healthcare Professionals Perspective - Diana Zidarov (Canada)</li> <li>2. Effectiveness Of Conventional Hand Therapy With Or Without A Telerehabilitative Service On Treatment Presence And Hand Function - A Prospective Cohort Study - Sander Breda (The Netherlands)</li> <li>3. Social Media And The Medical Rehabilitation Scientific Societies: The Experience Of The Italian Society Of Physical And Rehabilitation Medicine - Paolo Biddini (Italy)</li> <li>4. Client Satisfaction And Quality Of Rehabilitation Management - Are They Linked? - Eckehard Frosch (Germany)</li> <li>5. Bridge Health And Rehabilitation: The Challenge And Response - Fary Khan (Australia)</li> <li>6. Quality of Life in Females with Spinal Cord Injury in Saudi Arabia - Maher Saad Hamed (Saudi Arabia)</li> </ol>	<p><b>Free papers 2</b></p> <p>Chair: William F. Mchen (Puerto Rico)</p> <ol style="list-style-type: none"> <li>1. Characterization With The Icf Rehabilitation Set Of The Patients Attending Italian Physiatric Outpatient Clinics - Francesco Giugliano (Italy)</li> <li>3. How Competent Are Rehabilitation Professionals In Working According To A Bio-Psicho-Social Model In Healthcare? The Current Status And Evolution Of A Scale - Stijn De Baets (Belgium)</li> <li>4. Amputation in CRPS: which patient specific? - Jan Geurtsen (Netherlands)</li> </ol>	<p><b>Sesión en Español 1</b></p> <p><b>Certificado Único de Discapacidad: Red Federal de Rehabilitación</b></p> <p>Chair: Hebe Castillo (Argentina)</p> <ol style="list-style-type: none"> <li>1. The Uniform Disability Certificate - Luis Bolian (Argentina)</li> <li>2. Avances en intervención en cooperación en rehabilitación entre Uruguay (Uruguay) - Juan Latorre (Uruguay), Karina Saubler (Uruguay)</li> <li>3. Rehabilitación en pacientes - Néstor Gaudin (Argentina)</li> </ol>
9:30-10:30	<p><b>Keynote Lecture 1</b></p> <p>Chair: Susana Gagliardi (Argentina)</p> <p>Medical Education: old track and new track - Anna Cristina Erazmatina</p>					

10:30-11:00 Coffee Break, Exhibition and E-Poster Viewing						
11:00-12:30	<b>Parallel session 4</b> Evidence for PRP, prolotherapy, hyaluronase  Chair: Veronica Matras (Argentina) 1. Regenerative Injection Therapy: how do they work? When can we offer this treatment to our patients? Is there scientific research to support the use of them? - Gaston Topol (Argentina) 2. Of guided hammer force versus shock - Francisco Bonta Bragat (Dominican Republic) 3. Intra-articular injection into acrocalyptus with 0.2 guidance - Eliana Costa Servino (Mexico)	<b>Parallel session 5</b> Physical and Rehabilitation Medicine Graduate Medical Education: Global perspectives Part I  Chair: Henry Law (USA), Maysoon Ob-Park (USA) 1. Building curriculum responsive of demand of public health: US perspective - Joel Debus (USA) 2. Barriers and challenges of building PRM education in developing countries - Andrew Hui (USA) 3. Enhancement of CME for international Education Course: Process, Challenges, Monitoring, & Outcomes - Reynaldo Reyes Nolas (Philippines) 4. Nontraditional resources for PRM education - Maysoon Ob-Park (USA)	<b>Parallel session 6</b> Cochrane Rehabilitation: developments in evidence-based rehabilitation  Chair: Carlette Kirkens (Belgium), Jorge Laine (Portugal) 1. Introduction to Cochrane and its work - Aquilino Casposi (Argentina) 2. How to read a systematic review - France Gahleitner (Austria) 3. Synthesis of evidence from qualitative research - William Leneck (New Zealand) 4. Example of a systematic review and its application to clinical practice - Stefano Negri (Italy)	<b>Parallel session 7</b> The State-of-the-Art in Upper and Lower Extremity Rehabilitation Robotics  Chair: Igo Krebs (USA) 1. The MIT Experience on Rehabilitation Robotics for Upper and Lower Extremity Igo Krebs (USA) 2. Future Project: the Tiptoe-Pigta Technology Utilization for Rehabilitation - Federico Project - Heidi Schulz (Japan) 3. Robo Lucy Monitor and a Latin American Experience Employing Upper and Lower Extremity Robotics - Lisamaro Rizzo Battistella (Brazil)	<b>Parallel session 8</b> Pain Mechanisms (chronic, sensitization)  Chair: Antonio Staccio (USA), Jay Shah (USA) Facilitator: Marta Inamura (Brazil) 1. Neurophysiological Mechanisms of Myofascial Trigger Points: The Role of Neurogenic Inflammation in Myofascial Pain Syndrome - John Schaly (Canada) 2. Biochemical alterations in myofascial trigger points and their role in neurogenic inflammation, pain and tenderness - Jay Shah (USA) 3. Biochemical alteration of the extracellular matrix and its role in nociceptive pain generation - Antonio Staccio (USA)	<b>Sesión en Español 2</b> Profile of the Medical Rehabilitation in Southern Cone and AMLAR: Requirements of training, Moving towards Homebased  Chair: Graciela Novelli (Uruguay) 1. AMLAR Preliminary Report - Tania Gutiérrez (Chile) 2. Review of the training of the Rehabilitation in Uruguay - Teresa Casares (Uruguay) 3. Review of the training of the Rehabilitation in Argentina: Report of the National Consensus - Roxana Scudalari (Argentina) 4. Profile of Physical Rehabilitation in Argentina: Result of the National Consensus - Hebe Castillo (Argentina)
	<b>12:30-14:00 Lunch, Exhibition and E-Poster Viewing</b>					
14:00-15:00	<b>Parallel session 09</b> Updates in Spinal Cord Injury: A practical approach  Chair: Juan Martin (Caracas) 1. Complicating Conditions after Spinal Cord Injury: An update - Juan Martin (Caracas) 2. Prognostic Factors after Traumatic Spinal Cord Injury: Implications for clinical practice - Ayad Zahra (Caracas)	<b>Parallel session 10</b> Metabolic and Inflammatory Challenges to Rehabilitation: Diabetes, Obesity and Inflammatory Disorders  Chair: Paolo Capodaglio (Italy) 1. The role of PMR in disabling obesity - Paolo Capodaglio (Italy) 2. Exercise for the Reduction of Cardiovascular and Muscular Complications from Diabetes and Obesity - Matthew Barnds (USA)	<b>Parallel session 11</b> Gait Analysis: Clinical Implications  Chair: Alberto Esquerqui (USA) 1. Introduction to normal gait - Alberto Esquerqui (USA) 2. Techniques for gait analysis - Alberto Esquerqui (USA) 3. Clinical interpretation of data - Roger Garriga (Spain), Joaquin Chaker (Spain) 4. Case presentation and interactive session - all faculty.	<b>Parallel session 12</b> Joint Session with WFNR: Canabidiol in Neurorehabilitation  Chair: Mike Barnes (UK) 1. The human endocannabinoid system and review the literature with regard to medical uses of cannabidiol formulations in various conditions - Mike Barnes (UK) 2. The use of cannabidiol in pain - Marta Inamura (Brazil) 3. The use of cannabidiol in spasticity - Gerard Francisco (USA)	<b>Free papers 3</b> Chair: Gülseren Akçaya (Turkey) 1. Specificity Management With Plasma Neurology: Practice Patterns And Clinical Outcomes - Gerard E. Francisco (USA) 2. The Adult Specificity International Registry (ASIR) Study: 1 Year Results - Gerard E. Francisco (USA) 3. Effect of Early Use of AbobotulinumtoxinA After Stroke On Muscle Tone and Specificity Progression: Results Of A Pilot Study - Kang Ho Kang (Singapore) 4. Evaluating Doses Of IncoBotulinumtoxinA (iB-BOTOX) For Simultaneous Treatment Of Upper And Lower Limbs In Spastic Patients Are Well-Tolerated And Efficacious - Clément Ben Souff (France) 5. Experiences With High Doses Of Regeneron Tanezi A In Clinical Practice In Multiple Sclerosis - Claire Aymard (France) 6. Intrathecal Botulin Therapy Compared To Best Medical Treatment In Post-Stroke Spasticity: An International Multicenter Randomized Controlled Trial (Gitter) - Leopold Subart (Austria)	<b>Sesión en Español 3</b> Public Policy on Rehabilitation  Chair: Hebe Castillo (Argentina) 1. Políticas Públicas Nacionales en Rehabilitación - Susana Saqueiro (Argentina) 2. Políticas públicas en Rehabilitación en la Provincia de Córdoba - María Teresa Paga (Argentina) 3. Red de Rehabilitación Provincial de Córdoba - María Elina Martínez Domínguez (Argentina)

15:00-16:00	<b>Keynote Lecture 2</b> Chair: Lynn Gerber (USA) <i>State Oversight Issues in Pediatric Rehabilitation - Hugh Weiss (USA)</i>					
<b>Coffee Break, Exhibition and E-Poster Viewing</b>						
16:00-18:00	<b>Parallel session 13</b> <b>Capacity building of the rehabilitation workforce in low resource countries</b> Chair: Wouter de Groot (Belgium) 1. Barriers and facilitators in capacity building of the rehabilitation workforce in low resource countries - literature review - Abena Tanser (Ghana) 2. Mongolia: challenges in disability care - Fary Khairi (Australia) 3. Experiences from training in disability - Marwa Quinn (Zanzibar) 4. Development of rehabilitation guidelines for Spinal Injury and Hydrocephalus in Tanzania - Wouter de Groot (Belgium)	<b>Parallel session 14</b> <b>Physical and Rehabilitation Medicine Graduate Medical Education: Global perspectives Part 2</b> Chair: Rochelle Dy (USA), Healyoung Kim (USA) 1. From the Trainees - Rochelle Dy (USA) 2. International Collaboration for PM&P physician Education - Henry Lew (USA) 3. Developing Pediatric Rehabilitation in resources in need - Healyoung Kim (USA) 4. Research training in PM&P - Der-sheng Han (Taiwan)	<b>Parallel Session 15</b> <b>Ultrasound imaging in Physiatry</b> Chair: Levent Ozcakar (Turkey) 1. Ultrasound imaging for muscle problems - Dursun Kumbhar (Canada) 2. Ultrasound imaging for interventions - Jean Bhargava (USA) 3. Ultrasound imaging for spinal interventions - Levent Ozcakar (Turkey)	<b>Parallel session 16</b> <b>Medical Leadership, Engagement, Innovation, and Commitment to Grow Our Specialty</b> Chair: Sam S. H. Wu (USA) Moderator: Bryan O'Young (USA) Panelists: Francesca Giugliano (Italy), Louwara Rizan Buticchio (Brazil), Marta Inamura (Brazil), Walter R. Fontana (USA), André Thevenaz (France), Alberto Espinosa (USA), Carolina Schappapassio (Argentina), Jiaman Li (China), Lynn Gerber (USA), Jorge Laine (Portugal), Zaidha Omar (Malaysia), William F. Miches (Puerto Rico), Juan M. Gutierrez Gonzalez (Mexico), John Molvin (USA), Christoph Gutschewski (Germany), Jodi A. DeLisa (USA), Leonard Li (Hong Kong), Kurt Hoppe (USA)	<b>Parallel session 17</b> <b>Chronic Pain - Pharmacological management Opioids etc.</b> Chair: Gülseren Akay (Turkey), Verónica Matos (Argentina) 1. Pharmacotherapy in the management of chronic cancer pain - Gülseren Akay (Turkey) 2. Model Rehabilitation on Chronic Pain - Javier Marmont Garrido (Colombia) 3. Botulinum toxin for Neuropathic Pain Management - Victor Hugo Escobar (Mexico) 4. Medical treatment of LBP- update 2017 - Nil Koculu (Turkey)	<b>Sesión en Español 4</b> <b>Management in Rehabilitation and workforce's compensation</b> Chair: Diana Masini (Argentina) Co-Chair: Roxana Secundini (Argentina) 1. Rehabilitation Clinic Management - Beat General (Argentina), assistance, teaching, research and resource allocation - Carmen Echevarría Ruiz de Vargas (Spain) 2. Atención laboral en Argentina - Claudio Tabares (Argentina)
18:00-19:00	<b>Keynote Lecture 3</b> Chair: Jorge Laine (Portugal) <i>Rehabilitation: WHO Initiatives to Meet Current and Future Needs - Lorraine Hogg (Australia)</i>					
19:00-21:30	<b>Opening Ceremony &amp; Welcome Reception</b>					

Tuesday, May 2, 2017

<p><b>Joint session with WHO: Rehabilitation - the Health Strategy of the 21<sup>st</sup> Century</b></p> <p>Chair: Jorge Lains (Portugal)</p> <p>1. The ICFRM/WHO Collaboration: activities and achievements - Jorge Lains (Portugal)</p> <p>2. Strategies towards the implementation of Rehabilitation in health Systems - Christoph Guebertsmeier (Germany)</p>	<p><b>Robotics: hype/help?</b></p> <p>Chair: Igo Krebs (USA)</p> <p>1. <i>Help</i> - Eishi Saito (Japan)</p> <p>2. <i>Hope</i> - Donatella Bonaiuti (Italy)</p>	<p><b>Is there pain in your future?</b></p> <p>Chair: Lynn Gerber (USA)</p> <p>Is there pain in your future? The New Challenges of Pain, and Pain-like diseases for the world of Rehabilitation - Hugh Watts (USA)</p>	<p>Chair: Juan Martina (Curaao)</p> <p>1. Using Diffusion Tensor Imaging Based Measurements To Predict Functional Outcomes Of Constraint-Induced Movement Therapy In Children With Hemiplegic Cerebral Palsy - Frank Pichnik (USA)</p> <p>2. Methylphenidate Improves "Paper &amp; Pencil" Task And Ecological Function After Pediatric Sub-Acute Acquired Brain Injury - Sigit Gudrunsson (Iceland)</p> <p>3. Evaluation Of "True" Improvement: Reliability And Limitations Of Difference (SD) Of Gait Evaluation And Energy Expenditure In Childhood After Acquired Brain Injury (AI) - Tshilima Tshilima (Zimbabwe)</p> <p>4. Characterization Of Prevalent Learning In Patients With Traumatic Brain Injury - Effects Of The Intensive And Timing Of Training Sessions - Yaron Sacher (Israel)</p> <p>5. Internal Model Of Verticality: Neuroadaptation Through Body-Weight Support In A Virtual Virtual Environment - Anais Oudin (France)</p>	<p>Chair: Gerard Francisco (USA)</p> <p>1. Ensuring Access To Optimal Specificity Management: The Ability Network, An International Initiative - Djamel Boumard (France)</p> <p>2. Efficacy Of Adaptive Non-Invasive Ventral Respiratory Rehabilitation Of The Upper Limb In Sub-Acute Stroke Compared To Conventional Rehabilitation: A Randomized Controlled Trial - Isabelle Lefebvre (France)</p> <p>3. Perceptuo-Motor Training For The Treatment Of Mouth And Tongue Contractures In Adults With Brain Damage: Results And Complications - Pinar Gurses (France)</p> <p>4. Neurophysiological Effects Of Mirror Therapy In Stroke - Nathan Smeekers (Israel)</p> <p>5. Adult Disability In Adult Survivors Of Childhood On-Tamoxifen: Effects/Treatment Related Dysfunction, Significance Of Late Effects, And Long-Term Needs Of Affective And Rehabilitation - Kristin K Bonan (Sweden)</p>	<p><b>Presentaci3n de la Sociedad Iberica de Rehabilitaci3n y Rehabilitaci3n SIBRehab</b></p> <p>Chair: Roser Garreta (Spain)</p> <p>1. SIBRehab - Cateria Branco</p> <p>2. Fines del potencial motor en la c3nica - Francisco Luis Cabrera (Spain)</p> <p>3. Retos actuales de la evaluaci3n neurol3gica en pacientes con lesiones cerebrovasculares - Joaquin Chac3n (Spain)</p> <p>4. Retos actuales de la evaluaci3n neurol3gica en pacientes con lesiones cerebrovasculares - Jorge Lains (Portugal)</p> <p>5. Retos de los sistemas neuromusculares en rehabilitaci3n - Juan Carlos Munguerra (Spain)</p>
09:30-10:30	<p><b>Keynote Lecture 4</b></p> <p>Chair: Sam Wu (USA)</p> <p>Tapping into the Brain: The Promise of Neuroprosthetics - Michael Rosinger (USA)</p>				
10:30-11:00	<p><b>Coffee Break, Exhibition and E-Poster Viewing</b></p>				

11:00-12:30	<b>Parallel session 21</b> <b>Arthritis and spondyloarthritis: early intervention to prevent functional impairment and disability</b> Chair: Susana Gugliardi (Argentina) <ol style="list-style-type: none"> <li>1. Early diagnosis and new specific medication - Gastón Chero (Argentina)</li> <li>2. Ultrasonography in the assessment of inflammatory Rheumatoid Disease - Marcos Rosenfeld (Argentina)</li> <li>3. Assessment Measures in EA and SpA - Erika E. Schaeffer (Argentina)</li> <li>4. How to prevent functional deterioration? - Susana Gugliardi (Argentina)</li> </ol>	<b>Parallel session 22</b> <b>PEF and disorders of consciousness: clinical applications</b> Chair: María Juliana Russo (Argentina), Diana Masia (Argentina) <ol style="list-style-type: none"> <li>1. State of the art of clinical evaluation of patients with disorders of consciousness - María Elisa Russo (Argentina)</li> <li>2. Predictors of recovery: Update - Leonardo Olvera (Argentina)</li> <li>3. FOC-PEF in disorders of consciousness: An observational case series study - Silvia Yáñez (Argentina)</li> <li>4. Need for Brain Injury Biomarkers - María Juliana Russo (Argentina)</li> </ol>	<b>Parallel session 23</b> <b>Cancer rehabilitation (evidence)</b> Chair: Fary Khan (Australia), Lynn Gerber (USA) <ol style="list-style-type: none"> <li>1. Evidence base for Rehabilitation for Brain Tumours - Fary Khan (Australia)</li> <li>2. Update: Fatigue in Cancer - Lynn Gerber (USA)</li> <li>3. Role of Rehabilitation in Advanced Care Planning - An Australian Perspective - Krystal Song (Australia)</li> <li>4. Implementation of the Neuro-Palliative Rehabilitative Model of care for Cancer survivors - Alexander Li Malik (Australia)</li> </ol>	<b>Parallel session 24</b> <b>Geriatric Ambulation</b> Chair: Gerald Ebenbichler (Austria) <ol style="list-style-type: none"> <li>1. Introduction. Physiologic age specific change of neuromuscular functions - Gerald Ebenbichler (Austria)</li> <li>2. Evaluation of fall-related risk - Thomas Hochhausky (Austria)</li> <li>3. Neuromuscular and myopathies in the elderly: electrodiagnostic procedures - Regina Stumberger (Austria)</li> <li>4. Physical medical and rehabilitative interventions to improve and maintain mobility in the elderly - Thomas Kuebacher (Austria)</li> </ol>	<b>Parallel session 25</b> <b>Evaluation and non-surgical treatment of neck pain and cervical radiculopathy</b> Chair: Amit Bhargava (USA) <ol style="list-style-type: none"> <li>1. Introduction - Amit Bhargava (USA)</li> <li>2. Anatomy and Biomechanics - Fernando Sepúlveda (Puerto Rico)</li> <li>3. Cervical Axial Pain - Amit Bhargava (USA)</li> <li>4. Neck pain: Mechanism of pain - Donoh Kumbhar (Canada)</li> <li>5. Cervical radiculopathy - Michael DePalma (USA)</li> </ol>	<b>Sesión en Español 5A</b> <b>Medical Support for Disabled Paralympic athletes</b> Chair: María Inamura (Brazil) <ol style="list-style-type: none"> <li>1. Medical Support for Disabled Paralympic athletes: The Rio 2016 experience - María Inamura (Brazil)</li> <li>2. The elite Paralympic Performance: Risk of injury - German Gesteira (Argentina)</li> <li>3. Role of the physiatrist in a national sports delegation: preparation and performance in the Paralympic Games - Raúl Smith (Chile)</li> </ol>
12:30-14:00 <b>Lunch, Exhibition and E-Poster Viewing</b>						
14:00-15:00	<b>Parallel session 27</b> <b>Pain Management in Complex Rehabilitation Problems</b> Chair: Jan H.R. Geurts (Netherlands) <ol style="list-style-type: none"> <li>1. Phantom Pain - Jan H.R. Geurts (Netherlands)</li> <li>2. Complex Regional Pain - Martin Gohsin (France)</li> </ol>	<b>Parallel session 28</b> <b>Evaluation and Treatment of Common Neuroskeletal Problems in Physical and Rehabilitation Medicine: What is the Evidence?</b> Chair: Gerardo Miranda (USA) <ol style="list-style-type: none"> <li>1. Shoulder Impingement Syndrome: Evolution and Treatment of This Multi-Factorial Diagnosis - Gerardo Miranda (USA)</li> <li>2. Management of Patellofemoral Pain: What is the evidence? - William Miches (Puerto Rico)</li> <li>3. Management of Tendinopathy 1 - Fernando Sepúlveda (Puerto Rico)</li> </ol>	<b>Parallel session 29</b> <b>Updates in Parkinson's Disease Rehabilitation</b> Chair: Marco Franceschini (Italy) <ol style="list-style-type: none"> <li>1. Rehabilitation in patients with Parkinson's disease: overview and practical approach - Pietro Marano (Italy)</li> <li>2. Noninvasive Brain Stimulation in Parkinsonian Disorders - Pablo A. Ghali (USA)</li> <li>3. A RCT of Robot: Rehabilitation of gait in persons with Parkinson's Disease - Marco Franceschini (Italy)</li> </ol>	<b>Parallel session 30</b> <b>Newer horizons in tissue regeneration in musculoskeletal phyiatry</b> Chair: Amit Bhargava (USA) <ol style="list-style-type: none"> <li>1. Introduction - Amit Bhargava (USA)</li> <li>2. Patient Rich Plasma - Amit Bhargava (USA)</li> <li>3. The use of regenerative medicine in musculoskeletal pain: A Fall or the Future - Mark Hudrin (USA)</li> <li>4. Advances in stem regenerative strategies - Michael DePalma (USA)</li> </ol>	<b>Free papers 6</b> Chair: Fary Khan (Australia) <ol style="list-style-type: none"> <li>1. Is Low-Level Laser Therapy Effective in Great Toe Pain Syndrome: Electrophysiology of and Radiological Evaluation - Oya Dilar Yonem (Turkey)</li> <li>2. Correlation Between Hand Grip Strength and Gait Velocity in Female Elders Living in The Community - Deborah Antonello (Croatia)</li> <li>3. Evaluation Of Platelet Rich Plasma Injection For Rotator Cuff Tendinopathy: A Prospective Clinical Study - Ali Ergin (Turkey)</li> <li>4. Does Transcranial Electrical Stimulation Improve Recovery Following Acute Ankle Sprain? A Feasibility Randomized Controlled Trial - Thomas Wainwright (United Kingdom)</li> <li>5. Efficacy And Safety Of Robot-Assisted Brice In Patients With Knee Osteoarthritis: A Phase III Randomized Controlled Trial - Philippe Thomas (France)</li> <li>6. Randomized Blind And Controlled Local Injection In Treatment Of Plantar Fasciitis: Randomized, Controlled Multicenter Clinical Trial - Leyla Sedighpour (Iran)</li> </ol>	<b>Sesión en Español 6</b> <b>Esqueleto: Methodology to include patients in Training protocol</b> Chair: Dalia Reisman (Argentina) <ol style="list-style-type: none"> <li>1. Introduction</li> <li>2. Ensayos Clínicos: Metodología de prueba - Marcelo Lafage (Argentina)</li> <li>3. Use of Evidence: Biomechanics for the Detection of Muscle Imbalances and Injury Prevention - Laura Tutin (Uruguay)</li> </ol>

15:00-16:00	<b>Keynote Lecture 5</b> Chair: Leonard Li (Hong Kong) <i>Industry and Academia: Working to Develop Rehabilitation and Assistive Robotics</i> - Agn Kozla (USA)					
<b>Coffee Break, Exhibition and E-Poster Viewing</b>						
16:00-16:30	<b>Parallel session 31</b> <b>International Cancer Rehabilitation Initiative</b> Chair: Leighann Chan (USA) 1. An Introduction to the International Cancer Rehabilitation Initiative - Leighann Chan (USA) 2. Global Perspectives on Cancer Rehabilitation - Nicole Stover (USA)	<b>Parallel session 32</b> <b>Current Evidence in Neuroplasticity in Stroke Recovery</b> Chair: Pablo Galán (USA) 1. Recent advances in neuroplasticity and implications for clinical practice - Mary Galán (Guatemala)	<b>Parallel session 33</b> <b>UN and ESPM: Changing Mindsets for the 21st Century</b> Chair: Bryan O'Young (USA) Presentation Moderator: Joel DeLino (USA) 1. UN and ESPM: Partnership in Sustainable Development Goals for Persons with Disabilities - Maria Inesmore (Brazil) 2. UN and ESPM: Perspective from the United States on Changing Mindsets for the 21st Century - Sam S. H. Wu (USA) 3. What is the role of ESPM? - Linamarra Battistella (Brazil) Open Forum - moderated by John Melvin (USA)	<b>Parallel session 34</b> <b>Point/Counter-Point: Regenerative medicine is here and is revolutionizing rehab</b> Chair: Amit Bhargava (USA) 1. Pro - Carmen Terzic (USA) 2. Con - Gaston Trepel (Argentina)	<b>Free papers 7</b> Chair: Leonard Li (Hong Kong) 1. The Effects of A Structural Group Exercise Program On Functional Fitness Of Older Persons Living In Old Age Homes - Lavinia Chetty (South Africa) 2. Locomotive Gait Dysfunction In Elderly People: A Prospective Cohort Study From Japan - Masao Akai (Japan) 3. Effect Of Cancer-Related Fatigue On Cognitive Function: The Challenge Faced In Breast Cancer Survivors - Ali Weinstein (USA) 4. Treatment With Lidocaine Patches Versus Lidocaine Injections In Myofascial Pain Syndromes In The Shoulder girdle Muscles - Nel Lara (Colombia) 5. Electromyographic Outcomes Of Guided Epitrochlear Stenoid Injections In Patients With Chronic Medial Collar Neck Pain - Maha Emad Ibrahim (Egypt) 6. Development Of An Affordable Virtual Rehabilitation Treatment For Hemiparetic Wrist - Eusebio Hidalgo (Spain) 7. Status Of Hydraulic Distension Of Shoulder Joint In Conservative Management Of Adhesive Capsulitis Of Shoulder (Frozen Shoulder) - Kuntajoshi Wangani (India)	<b>Sesión en Español 7</b> <b>Physical Medicine and Rehabilitation in Latin America - Part 1</b> Chair: Juan Manuel Gutman (Mexico) 1. Pain Rehabilitation - Elna Garcia (Mexico) 2. Deep neckties in Rehabilitation - Shingel Hernandez (Cuba) 3. Virtual Rehabilitation in Musculoskeletal Conditions - Flavia Bayen (Puerto Rico), Nelson Galán (Puerto Rico) 4. Fibromyalgia, Rehabilitation - Irene Rodriguez (Mexico)
16:30-18:00

ICF in health reporting and rehabilitation quality management - Masahiko Makino (Japan)</p> <p>3. The Way Forward - Alberto Gattini (Italy)</p>	<p><b>Parallel session 36</b></p> <p><b>Recent Advances in Stroke Rehabilitation</b></p> <p>Chair: Abhishek Srivastava (India)</p> <p>1. Speech and Swallow Rehab - Navita Parvhi (India)</p> <p>2. Sensory-Motor Rehab - Abhishek Srivastava (India)</p> <p>3. Neurophysiological Rehab - Abhishek Srivastava (India)</p>	<p><b>Parallel session 37</b></p> <p><b>Sarcopenia and Osteoporosis</b></p> <p>Chair: Eduardo Ramirez Calonge (Argentina)</p> <p>1. Correlation Between Sarcopenia and Osteoporosis in Frailty: WHO Pure Pulmonary Syndrome - Yannis Ditsopoulos (Greece)</p> <p>2. Sarcopenia and Its Relationship With Bone Mineral Density in Spinal Cord Injury - Yannis Ditsopoulos (Greece)</p>	<p><b>Parallel session 38</b></p> <p><b>Training in upper and lower limbs amputation</b></p> <p>Chair: Daniela Garcia (Chile)</p> <p>1. New Technologies Applied For The Evaluation and Treatment For Upper Limb Amputee Patients - Emma del Picholo (Argentina)</p> <p>2. Use of Gait Laboratory Analysis in Amputee Patients: Benefits and Applications - Daniela Garcia (Chile)</p> <p>3. Training difficult cases in in amputation of lower limbs - Damiana Pacho (Argentina)</p> <p>4. Lecture TBA - Jairo Blumenthal (Argentina)</p>	<p><b>Parallel session 39</b></p> <p><b>Updates in spinal cord injury</b></p> <p>Chair: Gerard Francisco (USA)</p> <p>1. Updates in the Early Assessment of a Spinal Cord Injury - Joel Fontana (USA)</p> <p>2. Using the DRCCG in research - how accurate are we? Lessons from the SCPIH Update - Ruth Marshall (Australia)</p> <p>3. Early exercise after spinal cord injury - Mary Galbra (Australia)</p>	<p><b>Sesión en Español 8</b></p> <p><b>Clinical Practice Guidelines</b></p> <p>Chair: Roxana Secundini (Argentina)</p> <p>1. The Importance of Evidence-Based Clinical Practice Guidelines for Improving Policy Decisions in Rehabilitation - Luz Helena Lago Aguilar (Uruguay)</p> <p>2. Proposal for adaptation of evidence-based Clinical Practice Guidelines for Rehabilitation Services - Carmen Belverría Ruiz de Vergas (Spain)</p> <p>3. Application of clinical practice guidelines as a methodology of work in the elaboration of a bank of questions for medical rehabilitators in formation - Monica Nov</p>
09:30-10:30	<p><b>Keynote Lecture 6</b></p> <p>Chair: Carolina Schiappacasse</p> <p><b>Rehabilitation of the Anesthetist - Jan H.H. Geertman (Netherlands)</b></p>					
10:30-11:00	<b>Coffee Break, Exhibition and E-Poster Viewing</b>

Developing a practical Montevideo Prosthesis for Children - Toyoko Asami (Japan)</li> <li>2. Evaluation tools in pediatric rehabilitation: Their clinical use and application to make hypothetical concept group - Inami Kondo (Japan)</li> <li>3. Child pediatric musculoskeletal rehabilitation: Awareness, advocacy and action - Masato Nagao (USA)</li> </ol>	<p><b>Disability, women with disability, and quality of life</b></p> <p>Chair: Marian Weisberg (Argentina), Graciela Bernal (Uruguay)</p> <ol style="list-style-type: none"> <li>1. Disability in Latin America - Hugo Nunez (Uruguay)</li> <li>2. Women and Disability - Graciela Bernal (Uruguay)</li> <li>3. Quality of life in work - Patricia Yrpezar (Chile)</li> </ol>

15:00-16:00	<b>Keynote Lecture 7</b> Chair: Francesca Gimigliano (Italy) <i>Accelerating knowledge to practice: evidence vs. real time</i> - Stefano Negrini (Italy)					
16:00-16:30	<b>Sydney Lich Lecture</b> <i>Novel Options for Restoration of Nerve Function Following Brain Damage</i> - Nachum Soroker (Israel)					
16:30-18:00	<b>The Rehabilitation Team Conference - do structure and process matter?</b> Chair: Dale Strasser (USA) 1. The Team Conference - evidence and conceptual models - Dale Strasser (USA) 2. Clinical Focus on effective team conference, part 1 - Robi Marshall (Australia) 3. Clinical Focus on effective team conference, part 2 - Peter Lim (Singapore)	<b>Management of CP and Spasticity in Children</b> Chair: Desiree Rege (USA), Heekyoung Kim (USA) 1. Botulinum Toxin and Spasticity in Children, Complementary Management in Pediatric Rehabilitation - Denis Valenzuela (Colombia) 2. Pharmacologic and surgical interventions for spasticity management in CP - Desiree Rege (USA) 3. Comprehensive Rehabilitation Therapy: Beyond medical and surgical management - Heekyoung Kim (USA)	<b>Stroke, imaging, management including brain stimulation</b> Chair: Pablo A. Gelink (USA) 1. Clinical-oriented treadmill gait analysis for gait management to stroke - Eiichi Kuboh (Japan) 2. Is intensive physical therapy needed very early after stroke? - Alain Yelnik (France) 3. Recovery mechanisms, prognosis and treatment using non-invasive brain stimulation following stroke - Pablo A. Gelink (USA)	<b>Video Games and Virtual Reality as rehabilitation tools in brain damaged patients</b> Chair: Isabelle Laffont (France) 1. Video Games for rehabilitation of the upper arm after stroke: an update - Isabelle Laffont (France) 2. Serious Games it and just Video-Games Igo Krebs (USA) 3. Serious Devices and Engaging for People with Traumatic Brain Injury - Lynn Gerber (USA)	<b>ISPEM Assembly of Delegates (16:00 - 19:30) by invitation only</b>	<b>Physical Medicine and Rehabilitation in Latin America - Part 2</b> Chair: Juan Manuel Gutman (Mexico) 1. Model: Quality of medical care in the rehabilitation unit of the third level - Lucia Allen (Mexico) 2. Geriatric Brain Rehabilitation, Experience in Ecuador - Gustavo W. Bucci (Ecuador) 3. Professional Rehabilitation, Chilean Model's Patricia Vergara (Chile) 4. Rehabilitation of musculoskeletal injuries due to the use of computers and tablet - Ignacio Devesa (Mexico) 5. Aragonese rehabilitation - Martha Magaña (Mexico)

	PACIFICO B	ATLANTICO A-B	ATLANTICO C	BUEN AYRE A	BUEN AYRE C
08:30-9:30	<b>Keynote Lecture 8</b> Chair: Walter Frontera (Puerto Rico) Stem Cell Regenerative Medicine - Carmen Toron (USA)				
09:30-10:00	<b>Coffee Break, Exhibition and E-Poster Viewing</b>				
10:00-11:00	<b>Parallel session 53</b> <b>New Evidence in the Etiology of Pressure Sores</b> Chair: Carolina Aylton (Argentina) 1. Pressure injury etiology: What is new evidence telling us - Darren Hammond (USA) 2. Rehabilitation Addressing to Specific Issues: Wound and Pressure Sores Management - Carolina Aylton (Argentina)	<b>Parallel Session 54</b> <b>Cultural adaptation of ICF clinical assessment</b> Chair: Francesca Gimigliano (Italy), Aydin Doral (Turkey) 1. The IEMC-PMI initiative toward implementing the ICF - Mauro Zampolita (Italy) 2. Development process of national quality management system: adapting international standards and existing practices - Masahiko Wakano (Japan) 3. Towards the development of an ICF-based clinical data collection tool: Consensus conference to develop simple, intuitive descriptions of ICF categories - an IEMC-PMI initiative - Aydin Doral (Turkey) 4. Implementing the ICF-based data collection tool in rehabilitation practice: Evidence from Italy - Francesca Gimigliano (Italy) 5. Implementation of ICF in China - Li Jintan (China)	<b>Parallel Session 55</b> <b>Evidence Base for Cardiac Rehab</b> Chair: Marta Supriva Pola (USA) 1. Cardiac Rehabilitation around the world: The role of PMH - Marta Supriva Pola (USA) 2. Overcoming barriers to cardiac rehabilitation - Milica Latoric (Serbia) 3. Cardiac Rehabilitation in diabetic patients - Cecilia Zeballos (Argentina)	<b>Parallel Session 56</b> <b>Rehabilitation and Aging</b> Chair: Walter Frontera (USA) 1. The diagnosis of sarcopenia - Walter Frontera (USA) 2. The benefits of exercise in the prevention of falls - Eleftheria Antonidou (Greece)	<b>Sesión en Español 12</b> <b>Models of Accreditation and Certification of Rehabilitation Services</b> Chair: Roser Garreta (Spain), Francisca Lusa Cabrera (Spain) 1. Past and present of PMH in Spain - Roser Garreta (Spain), Francisca Lusa Cabrera (Spain) 2. Introduction to CAEP International accreditation - Paula Lussac (Argentina), Chela MacDonall (Argentina) 3. Experience in Mexico in accreditation in Quality Standards - Arturo Richards Egua (Mexico) 4. Accreditation Models of Clinical Management Units - Roser Garreta (Spain), Francisca Lusa Cabrera (Spain)
11:00-11:30	<b>Closing Ceremony</b>
